ND Reentry Study Work Group Purpose & Subgroup Discussion Goals

ND Justice Reinvestment Initiative Reentry Study Work Group

Overall Goal & Mission (HCR 3026)

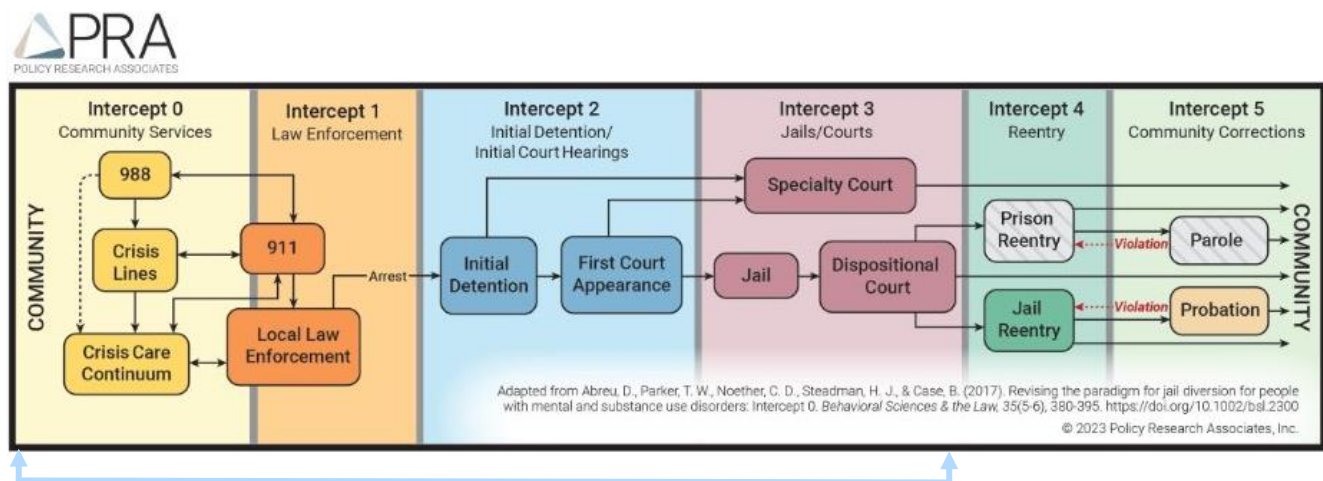

- “Identifying opportunities to implement research-based strategies proven to reduce recidivism, improve education and employment outcomes, and maximize resources for the greatest public safety and return on taxpayer dollars.”
- “Provide essential information to legislators to assist...with decision making regarding criminal justice reform and reducing recidivism in North Dakota.”

Front-End Subgroup Discussion Goals:

- Using data and research as a roadmap, consider the impact that policies and practices in place in the early stages of criminal legal system involvement have on recidivism and reentry outcomes in North Dakota;
- Explore policy opportunities from states and jurisdictions that have implemented responses to meet similar reentry & recidivism reduction goals; and
- Identify viable evidence-based and research-supported policy responses and strategies to recommend for North Dakota.
