INTRODUCTION

This handbook applies to all individuals sentenced to the custody of the North Dakota Department of Corrections and Rehabilitation ("DOCR"). The DOCR includes the North Dakota State Penitentiary ("NDSP"), Heart River Correctional Center ("HRCC"), James River Correctional Center ("JRCC"), and Missouri River Correctional Center ("MRCC"). You will be given an addendum to this handbook if you are housed at HRCC, JRCC, or MRCC for additional rules applicable to those facilities.

You are entitled to be treated respectfully, impartially, and fairly by all personnel. You have the responsibility to treat others, both staff and residents, in the same manner.

You are entitled to medically necessary health care, adequate meals, bedding, clothing, basic personal hygiene products, cleanliness, and exercise. It is your responsibility not to waste food, to maintain your clothing, to keep clean living quarters, and to maintain your personal health and hygiene.

STATUTORY RESPONSIBILITIES AND FUNCTION

The authority for the rules and regulations in the handbook is in North Dakota Century Code ("N.D.C.C.") chapters 12-47, 12-48, 12-48.1, 12-54.1 and 54-23.3 unless otherwise indicated.

MISSION STATEMENT

The DOCR's mission is: Transforming Lives. Influencing Change. Strengthening Community.

ORIENTATION PROGRAM

You will complete an orientation program upon arrival. The major purpose of this orientation program is to instruct you in the operation of the facility and alleviate fears, apprehension, and confusion that many new arrivals may have. The orientation program includes psychological testing; an explanation of facility rules, visiting and correspondence policies; and information about the availability of work, education, and treatment programs. Most importantly, it is a time for you to reflect on the behaviors that brought you to prison and to begin to set goals to change those behaviors. You will plan your course of action for your incarceration during orientation.

The Facility Handbook, which describes the philosophy and rules of the facility, will be kept in your possession during your stay in Orientation. When you move out of Orientation, you will be required to return the handbook. The electronic version of the handbook is available on Securus terminals as well as on the tablets. Additional rules or rule changes to the handbook will be posted on the bulletin boards in the housing units and other relevant places. It is your responsibility to familiarize yourself with all the rules of the facility until you are discharged.

Near completion of Orientation, the Initial Classification Committee will determine your custody level and housing assignment.

UNIT MANAGEMENT

Unit management utilizes a multi-disciplinary team (“UM Team”) to manage programs, housing, and day-to-day facility living while you are incarcerated to help prepare you for your transition back to the community. When you are assigned to a housing unit, a case manager will be assigned to you and will assist you in following your case plan. Your case plan will be reviewed with you periodically to ensure that appropriate goals and strategies are completed to reduce your risk to re-offend.

UNIT PLAN

If you are transferred to another facility or a specialized unit, you will have access to the necessary information about the new unit or facility.

MINOR COMPLAINT RESOLUTION

It is important you follow the appropriate procedures to make requests, file complaints, or submit grievances. When possible, particularly for minor complaints, we encourage you to work with the staff at the most immediate level of contact capable of resolving the issue.

As an example, if there is a problem with the air temperature in your cell, it may be beneficial to follow this process (instead of immediately writing to the Warden, DOCR Director, or Governor to resolve this issue):

1. Contact staff working in your housing unit.
2. If there is no resolution, contact your case manager.
3. If there is no resolution, contact the unit manager.
4. If there is no resolution, follow the grievance procedure discussed in a later chapter of this handbook.

CLASSIFICATION

Your initial classification assignment will be made near the completion of orientation. The Initial Classification Committee will assign you a custody level. You may appeal the committee’s custody level decision to the Director of Transitional Planning Services within 48 hours of your classification hearing. If you believe a custody level appeal is warranted, you may request a classification appeal form from staff in your housing unit. You may not appeal programming assignment, housing assignment, or parole-related decisions. If you have concerns with your current program or housing assignment, you may address your concerns with your case manager.

Individuals of all custody levels may be housed at NDSP or JRCC. Generally, NDSP houses maximum security individuals, JRCC houses individuals with custody levels of medium or lower, and individuals with minimum custody may be housed at the MRCC, HRCC, or other designated transition facilities.

CLASSIFICATION CONTINUED

After your initial review, the UM Team will review your custody level annually if you have 48 months or more to a release date or are already in minimum custody housing. The UM Team will review your custody level every six months if you have less than 48 months to a release date, are classified medium or maximum custody, and are housed in a medium or maximum-security facility. Your custody level may increase or decrease after the review. The UM Team will also review your custody level upon a change in your status, which includes federal and state detainers, disciplinary violations, or the commission of a criminal offense.

Housing, programs, and work assignments are made at the discretion of the administration. You do not have the right to be housed in any particular unit or to be assigned to any particular program or work assignment, regardless of your custody classification, and you do not have the right to a particular classification. You are subject to transfer from any unit, program, or work assignment to another unit, program, or work assignment that may be more or less restrictive as the result of a disciplinary action or if the change is in the best interest of the DOCR.

The Initial Classification Committee or unit management staff makes recommendations to the warden of transitional facilities or the women's services manager for minimum-security placement. You must meet the criteria for minimum security housing before you may request minimum security placement.

PROCESS TO REQUEST MINIMUM SECURITY HOUSING

1. Talk to your case manager to see if you qualify for minimum-security housing. Factors used to determine minimum-security housing include:
 - a. Must be classified as minimum custody.
 - b. Less than 42 months remaining to serve.
 - c. No felony detainers.
 - d. Must be compliant with treatment, work, and education recommendations.
2. Your case manager will complete minimum custody transfer paperwork, to include a review of your criminal record and institutional behavior.
3. The classification director and unit manager will review your request. If approved, the request will be forwarded to the warden of transitional facilities or women's services manager.
4. The warden of transitional facilities or the women's services manager will complete final review for approval or denial.

 - c. You must have 90 days incarceration in general housing and must be in compliance with work, education, and treatment recommendations.

2. You must fill out a preferred housing application and turn it into your case manager. Your application must include a note of support from your case manager.
3. If you are currently living in preferred housing, you will be removed from preferred housing for a minimum of six months if:
 - a. You are not in compliance with work, education, or treatment recommendations;

During orientation you will be provided with information regarding the Prison Rape Elimination Act (PREA). In addition, within 30 days of arrival you will receive comprehensive PREA training from DOCR staff. This training will be available to you regardless of disability or limited English proficiency. Information regarding PREA is posted throughout the facilities and is available in your Facility Handbook. In addition, PREA material will be provided to you at each DOCR facility.

Subsection (b) of Section 115.51 of 28 C.F.R. Part 115 requires the DOCR provide a means for you to report sexual abuse or harassment to another entity that is not a part of the DOCR. The other entity can receive and immediately forward reports of sexual abuse and harassment to DOCR officials and provide anonymity to you, if you request anonymity. The DOCR has entered into a Memorandum of Understanding with the North Dakota Highway Patrol to receive these reports. All reports will be reviewed by the North Dakota Highway Patrol and forwarded to the DOCR for appropriate action. You will be subject to disciplinary sanctions for false allegations of sexual harassment and sexual abuse by residents, employees, contractors, or volunteers.

17. You are only allowed to use your personal media device in housing units and recreation areas unless authorized by the Warden.
18. You shall wear undergarments at all times, including while sleeping. Women are not required to wear a bra while sleeping but must wear shirts and underwear while sleeping. DISCIPLINARY PROCESS

LEVEL 1 INFRACTIONS

When staff observe or suspect you have committed a rule violation, a staff member will meet with you to confront the behavior and discuss the infraction. If not resolved verbally, the employee may issue a Level I incident report. The report will be given to a staff member in the unit who will meet with you generally within 24 hours. If you are found guilty, the staff member will assign sanctions available for Level I infractions appropriate for the seriousness of the offense.

1. Staff will issue reports as soon as possible after the infraction occurs.
2. Sanctions applied will start immediately.
3. Level I sanctions may not be appealed.
4. A copy of the written report will be issued to you and the resolution officer shall send the report to your assigned case manager for review (review does not mean appeal).
5. Sanctions for violations of Level I infractions may not be suspended.
6. Sanctions do not run concurrently with disciplinary segregation time unless specified.

In the event you committed an infraction in a way that displays a chronic failure to follow rules, creates a serious risk to the security or orderly running of the facility, or endangers any person or property, the reporting officer may request the imposition of sanctions available for Level II or Level III infractions. The unit case manager will determine if the sanctions may be enhanced to Level II and the Chief of Security will determine if the sanctions may be enhanced to Level III.

If Level II or Level III sanctions are appropriate, the infraction will be handled in accordance with procedures applicable to Level II or Level III infractions and will be regarded as though it were a Level II or Level III violation.

LEVEL III INFRACTIONS

When there are reasonable grounds to believe you have committed a Level III infraction, an investigation will be conducted. Upon completion of the investigation, the DOCR employee will determine whether an infraction was committed and will write a disciplinary report.

You will receive written notice of the charges at least 24 hours before a scheduled hearing. This written notice will include the location, date, and approximate time of the scheduled hearing. The hearing will be held no later than seven days, excluding weekends and holidays, after you receive the report, but the period may be extended for good cause. Failure to meet any of the time limits in these rules shall not be grounds for automatic dismissal of a disciplinary proceeding. However, failure to meet a time limit may, at the discretion of the hearing officer or warden, be grounds for dismissing a disciplinary proceeding.

LEVEL III INFRACTIONS CONTINUED

You will be asked to acknowledge receipt of notice of the disciplinary proceedings by signing a receipt for the notice of hearing at the time of delivery of the notice and the disciplinary report.

You may meet with the investigator before a hearing. The investigator will inform you of the charges, provide you copies of relevant documents related to the charge (or summaries of relevant documents when a copy of the document cannot be provided), and inform you of your due process rights.

If you are going to request witnesses to testify at the hearing, you shall submit a written request for witnesses, including the names of your proposed witnesses, to the investigator at least 24 hours, excluding weekends and holidays, prior to the scheduled hearing. You may request an informal resolution meeting prior to the hearing, or a resolution officer may request to meet informally with you in an attempt to resolve the issues without a hearing. A scheduled hearing may be postponed to allow time for an informal resolution meeting. The purpose of informal resolution is to allow you the opportunity to accept responsibility for the infraction and negotiate sanctions you feel are fair. The resolution officer may accept your admission of guilt to any or all pending charges and may also dismiss any or all charges. When a settlement is reached, the resolution officer shall prepare a report that discloses the agreed to sanctions, relevant terms of the agreement and summarizes the facts of the charges to which you pled guilty, if the facts are not otherwise clearly stated in other documents attached to or referenced in the official's report.

The settlement will be forwarded to the Warden who may accept the informal resolution or deny it and have a formal hearing of the charges scheduled. When an informal resolution is accepted, you waive the right to appeal the sanctions.

Any offer of settlement made by the facility during unsuccessful attempts at informal resolution is not binding in any way on a hearing officer in a formal hearing on the charges. Admissions made by you during informal resolution discussions are not admissible in a formal hearing on the charges.

STAFF REPRESENTATION

You may be eligible to have a staff member represent you at the hearing. When an investigator or disciplinary committee chairperson determines that you are unable to represent yourself at a disciplinary hearing, a staff representative will be assigned to assist you. If you have been assigned a staff representative, the investigator shall:

1. Direct the representative to assist you in preparing a response to the charges.
2. Ensure that the representative has an opportunity to discuss the case with you privately.

You are not allowed to have an attorney be present or represent you at the hearing.

LAW ENFORCEMENT INVOLVEMENT

If the infraction is serious, the Warden may request law enforcement investigate or assist with the investigation. The DOCR investigator shall read you the Miranda warnings and have you sign and date the Statement of Rights form in the investigator's presence. If you waive your Miranda rights and agree to make a statement, the investigator shall have you sign and date the Miranda waiver certification line. If the infraction is a violation of a criminal law of North Dakota or the United States, the Warden may refer the matter to the state's attorney's office for prosecution.

SEGREGATION

If staff has determined you are unable to remain in the general population following a suspected rule violation, the shift supervisor may authorize your placement in administrative segregation. You will not be placed on disciplinary segregation status until after the hearing with the disciplinary committee. If you have been placed in administrative segregation, you should receive written notification of the reason for the placement within 24 hours of being moved to the more secure housing unit.

The disciplinary committee has the authority to apply any sanction up to the maximum of the range indicated and suspend any portion thereof. The suspension of any sanctions by the disciplinary committee does not result in the dismissal of the infraction report.

DISCIPLINARY COMMITTEE

The committee meets as needed to conduct disciplinary hearings. A chairperson will preside over disciplinary committee meetings and ensure compliance with all applicable procedural requirements. The committee will make a recommendation to the Warden.

The disciplinary committee prepares a record of the hearing. You will be provided a summary of testimony; a summary of the evidence the committee relied upon in making its decision; the committee's decision; the sanction or sanctions imposed; and the committee's rationale for the sanctions. Information may be omitted from the summary record you receive if inclusion might jeopardize your safety, the safety of the public, the safety of others, or adversely affect the security and orderly running of the facility.

The Warden or designee will review all Level III disciplinary committee hearing reports and informal resolutions. The Warden may approve the committee recommendation, modify the committee recommendation, dismiss the report, or order a new hearing.

All sanctions will be effective immediately upon the approval from the Warden.

APPEALS

You may not appeal an informal resolution.

You may submit an appeal to the Warden within 15 days from receipt of the disciplinary committee decision for a Level III report including weekends or holidays. The Warden will issue a decision on your appeal within a reasonable time.

Appeal forms can be obtained from the housing unit staff. The form must be filled out completely and returned to the housing unit staff. Staff will sign the completed form and will give you a copy. You should keep the copy of the appeal until all actions or charges have been completed. The copy you are given is your written verification that an appeal was submitted within the required time.

Appeals submitted on any other form will be returned without action, and you will be given 48 hours to return. All appeals must be submitted in person to your housing unit supervisor. The DOCR Director will render a decision on an appeal.

INFRACTIONS

The level of the infraction will be based on the final outcome of sanctions after all disciplinary processes are completed. For example, an incident report receiving only level I sanctions will be considered a level I for classification purposes regardless of the level of codes issued on the report. The disciplinary process will be followed according to the level of infraction. If it is determined that an infraction code needs to be enhanced, the disciplinary process will follow the appropriate protocols. However, the receiving sanctions will determine the final outcome of the level of infraction.

LEGAL RECORDS CONTINUED

The prosecuting official has 90 days to bring your indictment, information, or complaint to trial from the date of receipt via certified mail of your request for disposition of the detainer, unless the court grants a continuance. This only applies to untried criminal charges in North Dakota.

- b. North Dakota Century Code Chapter 12.1-32-07: North Dakota Notice and Request of Disposition of Untried Petition for Revocation. This law allows an individual to request disposition to the court for any outstanding probation revocation(s). The prosecuting official has 90 days to bring the petition for revocation to final disposition from the date of receipt via certified mail of request for disposition of the detainer and the DOCR's certificate with information regarding your sentence, unless the court grants a continuance.
- c. Interstate Agreement on Detainers ("IAD") applies to out-of-state untried warrants in which a detainer has been lodged. This is often referred to as an 'Out-of-State Fast and Speedy.' Louisiana and Mississippi do not participate in this agreement. The agency that filed the detainer has 180 days to bring your indictment, information, or complaint to trial from the date of receipt via certified mail of your request for disposition of the detainer, unless the court grants a continuance. The IAD only applies to untried criminal charges.

A resident request can be sent to Legal Records to inquire if one of the laws listed above applies to your warrant or detainer. If it does meet the criteria, Legal Records will provide you the necessary paperwork to assist you in disposing of the warrant or detainer.

Visitation is a privilege and it is important to all of us that you and your visitors follow the rules defined by the facilities. The DOCR may deny entry to a DOCR correctional facility to any person if the DOCR determines the person poses a risk to the facility, any person, or if the DOCR has a legitimate penological interest in denying visitation.

It is your responsibility to notify your family and friends of the DOCR facility to which you are assigned.

FINANCIAL TRANSACTIONS

ACCOUNTS

As cited in N.D.C.C. 12-48-15(4), the warden is responsible for guiding you in making proper use of your funds to pay your obligations, including the payment of any administratively ordered fee, fine, or restitution; court-appointed counsel fees; court-ordered restitution; court-ordered support for dependent relatives, your medical, surgical, eye care, or dental treatment; or other services not generally provided by the state. The Warden may withdraw funds from your penitentiary account or Bank of North Dakota two-signature account, without your signature, to meet your legitimate financial obligations.

ACCOUNTS CONTINUED

You are not allowed to possess, use, or carry cash, checks, debit cards, credit cards, personal identification numbers (PIN), or account numbers with the exception of JRMU (James River Minimum Unit). The DOOCR will establish ledger accounts for you to keep track of monies you have received or earned during your incarceration. Individuals may not drop off money in any form for you at any DOOCR facility or DOOCR contract facility. Money will only be accepted in the form of transfers through JPay. This can be achieved by their website, Mobile App, telephone, MoneyGram, or mail. Review the "Correspondence" and "Electronic Messaging" section of this handbook for more specific details to relay to your family or friends.

1. Spending Account: Money on your person upon arrival and any monies earned or received from outside sources will be placed into your spending account. You should consider this account your "checking account" to cover your needs during your stay here.
 - a. You will be given a monthly statement showing the deposits and deductions from your account from the prior month.
 - b. You may also be responsible for paying any non-sufficient fund (NSF) charges incurred on funds you receive.
 - c. You will be given a receipt any time you receive money from a source outside the facility. Checks from contract facilities or other governmental and federal agencies that are your funds due to transferring to the NDDOCR will be posted to your account. This also includes money orders, cashier's checks, and/or official checks from a bank and checks for work release when the pay stub has been provided. Checks in the amount of \$100.00 or more will be posted to your account and may be held for two weeks to ensure the check clears the bank.
 - d. US Treasury tax refund checks of \$100 or larger are not deposited until verified with the IRS per the IRS Blue Bag Program. This process can take at least ten business days per the IRS.
 - e. You should save all receipts, charge slips, commissary sales receipts and transfer vouchers so you can keep track of your daily account level and reconcile each monthly statement. You may receive a disciplinary report for writing transfer vouchers with insufficient funds in your account.
 - f. Money cannot be deposited from your spending account into your release aid account.
2. Release Aid Account: 25% of all money you earn at the facility is placed into your Release Aid Account. This is considered your gate money and is usually not available to you until your discharge day. You may request to use money from this account, and the warden may release the money to you for release preparation or medical needs. The warden will review your release date, parole review date, spending history, job history, and history of incoming money.

ACCOUNTS CONTINUED

3. Savings Accounts: There are two types of savings accounts that you may have during your incarceration: Spending Account Savings and Release Aid Account Savings. Money from one account cannot be deposited into the other; instead, the money must be kept separately.
 - a. Spending Account Savings: You may not open a savings account if you are discharging within the next six months. You may request to have monies transferred from your Spending Account to an interest-bearing savings account at the Bank of North Dakota with a minimum deposit of \$10.00. You must maintain this minimum deposit amount until either the account is closed or you are discharged. To open a Spending Account Savings, deposit, or withdraw money, send a signed transfer voucher to the property office for the amount you would like deposited or withdrawn. The business office will process the screened voucher and take the check to the Bank of North Dakota, who will issue papers that you will be required to sign to open the account. You are allowed unlimited deposits into your Spending Account Savings and are limited to one withdrawal per calendar month. You are encouraged to save as much money as you can during your incarceration. It may take up to a week or more to deposit or withdraw money from this savings account.
 - b. Release Aid Account Savings: You can request your Release Aid account monies be transferred to an interest-bearing account at the Bank of North Dakota. You need to follow the same steps required to open a savings account under Spending Account Savings. The minimum starting balance for the Release Aid Savings account is \$50.00. This minimum starting balance must be maintained until either the account is closed, or you are discharged. The number of withdrawals you will be allowed is at the discretion of the warden. You may not invest your release aid money in any place other than the Bank of North Dakota savings accounts. Release Aid monies must remain liquid.

All savings accounts will be closed at least one week in advance of your discharge from a correctional facility to allow you to receive your monies in a timely manner. Funds from final pay, business and government checks must be sent to the facility in which you are located and will be deposited in your account.

PAYROLL

Payroll is posted to accounts by the 15th of each month or the first working day after the 15th of each month due to a weekend or holiday.

DOCR DEBT AND FINANCIAL OBLIGATIONS

As cited in N.D.C.C. 12-48-15(4), the warden is responsible for guiding you in making proper use of your funds to pay your obligations. This includes child support, victim restitution whether part of the case or reduced to a civil judgment, court ordered fines and fees, overdue parole and probation supervision fees, Presentence Investigation ("PSI") fees, or other money owed to the DOCR. Although you may not be legally required to pay toward some obligations until your release, DOCR may determine that it is in your best interest to begin making payments during your incarceration.

When a legitimate financial obligation is identified, DOCR staff will initiate the financial obligation hearing record form and forward to your case manager or assigned designee. They will meet with you to discuss your options.

1. If you agree to pay the legitimate financial obligation you will sign the form and a copy will be forwarded to the business office.
2. If you refuse to pay the legitimate financial obligation, you are entitled to an administrative hearing. You will sign the form and a hearing date and time will be scheduled for a later date.
 - a. The hearing officer will notify you in writing of the date, time, and location of the hearing at least 24 hours prior to the set time and date. You may waive the 24-hour notice of hearing.
 - b. You may request a DOCR staff member to assist you at the hearing. The hearing officer shall assign a staff assistant if your case manager has advised that staff assistance is necessary.
 - c. A hearing will be conducted to determine whether funds will be deducted to fulfill legitimate financial obligations and make a recommended decision to the Warden.
 - d. The Warden shall issue a decision within 15 days of the hearing.
 - e. If you wish to appeal the Warden's decision, you may appeal the decision to the Director of the DOCR on the proper form, SFN 60462 Appeal of Financial Obligation Hearing Decision through inside mail within 48 hours, including weekends and holidays, from your receipt of the Warden's decision. Appeals submitted on any other form will be returned without action, and you will be given 48 hours to return. All appeals must be submitted in person to your housing unit supervisor. The DOCR Director will render a decision on an appeal.

You may have deductions from your pay and from money received from outside sources to pay toward your financial obligations. Money from outside sources will not have more than a total of 50% deducted to pay toward obligations with the exception of bank "Return Item" and deposits posted in error. Deductions from money from outside sources will be limited if you have not had more than \$30.00 of available spending money in the past 31 days.

DOCR DEBT AND FINANCIAL OBLIGATIONS CONTINUED

If you incur a prison financial obligation, including a fine or fee imposed through a disciplinary proceeding, medical or dental co-pays or expenses, legal postage, or copies, the full amount of the prison financial obligation may be deducted from your spending account. All available money in your spending account will be applied to the prison financial obligation. If the prison financial obligation is greater than what is available in your spending account, the balance will be deducted from your future pay and money received from outside sources.

If you owe money to the DOCR at the time of your discharge, you may be paid all funds in your account, less your outstanding debt. If you are unable to pay the debt in full at discharge, this debt will remain active should you return to DOCR custody. You may make arrangements to set up payments to pay off any remaining debt after your release.

FINAL PAY

Your final payroll will be processed the following pay period and your money will be added to your debit card by approximately the 25th of that month minus any DOCR debt that is still owed.

DISCHARGES

If you have \$10.00 or less in your account, you may be discharged with cash, check, or a debit card if you have final pay owed to you. If you have more than \$10.00, a debit card will be issued.

INDIGENT STATUS

The DOCR may help you with basic living expenses (e.g., basic hygiene and writing materials) if you are financially unable to provide for your own needs. You may request to be placed on indigent status by writing to the property officer by the 20th of each month.

To be eligible, you must have received \$15.00 or less of spendable money each month. This includes spending balances carried over from the previous month. You must be actively seeking a job and you cannot have quit a job, refused to work, or have been fired from a job or work assignment within the past 30 days.

If you are eligible for indigent status, you will receive the basic hygiene items and writing materials by the first day of the following month. You are eligible for up to \$8.00 in personal and legal postage and legal copying. You may not exceed the \$8.00 monthly allowance. If you can verify an "exceptional circumstance," you may request permission from the Warden to have more legal copies or postage for the month paid from your Release Aid Account. The Release Aid Withdrawal Forms are available in the housing units. If you exhaust both the \$8.00 credit and your Release Aid Account available balance, the extra cost will be recorded as a debt.

COMMISSARY

You may purchase necessary hygiene and personal products and additional authorized items for your recreation and entertainment from the commissary.

PURCHASING PROCEDURES

1. The assigned days for you to order and pick up your commissary order are established by commissary. Refer to individual unit plans posted in your housing unit to learn your assigned commissary day. The commissary is closed for legal holidays or as posted.

BEHAVIORAL HEALTH SERVICES

The Behavioral Health Services Division provides interventions to affect change and reduce the risk of continued criminal behavior. The services include clinical assessment and associated referrals for individual and group therapy to promote personal growth. Upon arrival, a team of behavioral health professionals will recommend that you participate in assessments. Staff will complete the assessments, review them with the behavioral health team, and make

BEHAVIORAL HEALTH SERVICES CONTINUED

recommendations to the Case Planning Committee, which will develop your case plan. Recommendations may include psychiatric evaluation, individual counseling, or group programs.

PRIMARY COUNSELORS

Each unit is assigned primary counselors responsible for working with individuals residing within the unit. If you have treatment-related questions or concerns, or are having difficulties with depression, anxiety, or other mental health concerns, please contact your unit primary counselor. This individual will answer your questions and either see you for individual counseling or make appropriate referrals to psychiatry and psychological services as needed.

PSYCHOLOGY SERVICES

DOCR offers psychological evaluations, individual therapy with a psychologist, and psychologist-led behavior management planning on an as-needed basis. To inquire about psychology services, send a request to your primary counselor.

PSYCHIATRY SERVICES

Psychiatric evaluation and medication treatment are available for individuals with mental health concerns. To request psychiatric services, send a request slip to the medical division or your primary counselor.

PEER SUPPORT

You have an opportunity to work with a Peer Support Specialist. A Peer Support Specialist is another resident who is specifically trained to use their own experiences with incarceration and recovery from substance use or other mental health concerns to assist others in their unique recovery process. Contact the Behavioral Health Division to apply to participate in peer support or to serve as a Peer Support Specialist.

RESIDENT CRISIS SUPPORT TEAM (RCST)

DOCR uses a resident-led crisis support team ("RCST") to provide support to residents residing in observation units. RCST members are responsible for providing a listening ear and empathy for those going through difficult times. If you are interested in becoming an RCST member, please contact your facility's behavior health services division. Your information will be reviewed, and a team member will follow up with you regarding your eligibility and RCST service schedule. Five days per month of meritorious "good time" may be awarded to RCST members in good standing. If you are not earning "good time" due to behavioral issues or failing to participate in recommended programs, you will not be eligible to earn "good time" for RCST participation. You may be removed from the RCST for reasons including: failing to report for your RCST shift, receiving a Level II or III incident report, violating the confidentiality of residents in observation, or agitating or provoking a resident in observation.

GROUP BEHAVIOR HEALTH PROGRAMS

DOCR offers several behavioral health group programs.

Forward Thinking:

Forward thinking is offered at NDSP and is a 10-session group program designed to assist those who may have difficulty being successful in a prison environment. The group focuses on learning emotional management skills and applying them to risky, conflict situations that may arise in prison.

Thinking for a Change (T4C):

The T4C program targets risk factors that typically lead people to reoffend and possibly come back to prison. Participants learn cognitive, social, and problem-solving skills focused on managing future risky situations. This program runs approximately 14 weeks and is offered at NDSP, JRCC/JRMU, MRCC, Centre, Inc., and the Bismarck Transition Center. T4C participation may also include a referral for an advanced practice group following completion of the primary program.

Cognitive-Behavioral Interventions for Substance Abuse (CBI-SA):

This program addresses problematic and criminal substance use behavior through the use of cognitive and behavioral skills. CBI-SA also incorporates problem solving techniques for use in situations that present a high risk for relapse and/or future criminal behavior. The group runs for approximately 10 to 12 weeks and is offered at NDSP, JRCC/JRMU, MRCC, and on a limited basis at Centre, Inc. and the Bismarck Transition Center. Individuals referred for CBI-SA are also likely to be referred for substance use treatment aftercare services in the community once they are released from prison.

Conflict Resolution Program (CRP):

This program focuses on learning strategies to reduce aggressive and violent behaviors among offenders who have demonstrated such behavior in the past. The program runs approximately 16 weeks and is offered at NDSP, JRCC, and on a limited basis at MRCC. Individuals referred for CRP may be referred to an advanced practice group for follow-up upon completion of the program.

New Pathways to Healthy Relationships:

This group intervention focuses on eliminating controlling, aggressive, and violent behaviors in romantic relationships for offenders who have had difficulties with such behaviors in the past. The program runs approximately 16 weeks and is offered at NDSP and JRCC/JRMU, and on a limited basis at MRCC.

Sex Offender Treatment Program (SOTP):

DOCR offers a group intervention for individuals who have perpetrated sexual offenses. The program runs for approximately seven months and is offered at NDSP and JRCC. Individuals referred to SOTP may also be referred to the Sex Offender Maintenance Program (SOMP) for aftercare services. Individuals with sexual offenses are also likely to be referred for community treatment follow-up.

Free Your Mind:

Free Your Mind is available to people who are placed within the Behavioral Intervention Unit. It is a group program that is offered on an ongoing basis. Length of program participation is determined based on individual needs and circumstances. Participants complete a success plan that focuses on identifying risk situations that could lead to future placement in BIU and applying skills to manage those situations in a pro-social way.

Advanced Practices:

Advanced Practices groups provide an opportunity to build on learning from primary treatment programs and continue to practice applying new skills in high-risk situations. You may be referred to Advanced Practices if you have time remaining on your sentence after completing your primary group treatment programs.

CHAPLAINCY

CHAPLAINCY SERVICES

You are entitled to freedom of religious affiliation and worship, and the chaplaincy program provides you with access to opportunities for religious practice. Chaplains also provide crisis counseling, grief counseling, and the fourth and fifth steps of the twelve steps Alcoholics Anonymous program. Chaplains provide spiritual teachings and lectures on a variety of topics. Religious studies, spiritual books, papers, and magazines are available from the chaplain's office by request. CABLE TELEVISION

1. If you would like cable television in your cell, you must purchase it through the commissary terminal. Cable must be purchased prior to the last full week of the month and may only be purchased one month in advance. Cable purchases received after the first of the month will count for the month following the month that the cable order was received. If you do not place your order in time or if you do not have funds available, you will have to wait until the next month to receive services.

CABLE TELEVISION CONTINUED

until the next month to receive services.

2. Cable runs from the first of the month to the end of the month. No refunds or partial refunds are made. If you are temporarily housed in disciplinary segregation, on temporary leave, discharged, or transferred during the month, no refund will be provided. If you move from one cell to another cell and are currently enrolled in cable TV, the unit will be turned on in your new cell. If you are moved within the three facilities of the DOCR and are currently enrolled in cable TV, the unit will be turned on in your new cell. Contact your housing unit supervisor to get cable TV connected in a new cell.
3. Theft, including sharing of cable services, will be subject to disciplinary action.

ESCORTED LEAVES FROM THE FACILITY

FUNERAL AND DEATH BED VISITS

In rare circumstances, the facility may allow you to either attend the funeral of an immediate family member or visit an immediate family member (mother, father, sister, brother, spouse, legal children, or grandparents) on the family member's death bed. You are not allowed more than one visit.

1. You will not be able to attend funerals in any other state, place from which extradition would be required, or place from which extradition is not available.
2. Approval must be granted by the Warden of the facility.
3. You may contact your case manager for assistance.

TRANSFERS TO OTHER FACILITIES

1. Voluntary Transfer: A voluntary transfer from this facility to another of equal security status in another state will be considered only when it is determined to be in the best interests of both you and the State of North Dakota.
 - a. You may request a transfer to a different facility outside of North Dakota by sending a request slip to the Deputy Warden at NDSP. Before being considered for a transfer, you must meet the following conditions:
 - (1) Must have a minimum of two years remaining on your sentence.
 - (2) Must prove the transfer would be beneficial to both you and the State of North Dakota.
 - (3) Must be approved by the DOCR and the agency head in the receiving state.
 - (4) You may be required to pay for the costs of transportation, including mileage and supervision expenses.

TRANSFERS TO OTHER FACILITIES CONTINUED

- b. If a transfer is granted, you will not be returned to North Dakota for any reason including requests to appear before the Pardon or Parole Boards. If you are returned to this facility because of misconduct or other unacceptable behavior, you will be placed under the same administrative constraints as were applicable to you at the other facility.
2. Involuntary transfer: The DOCR has the authority to transfer you from one correctional facility to another correctional facility without your consent.

WORK AND EDUCATION RELEASE PROGRAMS

1. The length of time allowed for work release is limited to your last 180 days. The length of time allowed for education release is limited to nine months and must be a local college.
2. Work or education release applications can be obtained once you are housed at MRCC or HRCC. Work or education release applications should be filed with the work release coordinator. The Work and Education Release Committee may review the application, make a recommendation, and forward the application to the warden of transitional facilities or the women's services manager. The warden of transitional facilities or the women's services manager, with the Director of DOCR's approval, may approve work release for individuals sentenced to 10 years or less. Approval by the warden of transitional facilities or the women's services manager, the Director of the DOCR, and the Parole Board is required to grant work release if you have a sentence of more than 10 years. The warden of transitional facilities or the women's services manager, Director, or the Parole Board may revoke your approval at any time.
3. If you are a high-risk individual, subject to 85% sentences under N.D.C.C. Section 12.1-32-09.1, armed offender minimum mandatory sentences, must register as a sex offender or offender against a child, or with extensive medical or psychiatric issues you may be reviewed by the MRCC or HRCC Work and Education Release Committee before being reviewed by the warden of transitional facilities or the women's services manager. A recommendation will be made to the Director who has final approval.
4. If you are determined to be high risk, as stipulated above, you will be reviewed by the deputy warden and unit manager. A recommendation will be made to the warden of transitional facilities or the women's services manager who has final approval.

ELIGIBILITY STANDARDS FOR WORK OR EDUCATION RELEASE

1. You must be housed at and have a minimum of 30 days onsite living at MRCC.
2. You may not apply for work release until you have eight months or less left to serve on your sentence. You may not apply for education release until you have 12 months remaining on your sentence (either expiration of sentence, good time or parole release date).

ELIGIBILITY STANDARDS FOR WORK OR EDUCATION RELEASE CONTINUED

3. On any sentence, you must have served three calendar months prior to applying and have at least 90 days remaining on your sentence at the time of applying.
4. If you have turned down a parole or refused the opportunity for a parole, you will not be granted work release.
5. Your disciplinary record will be reviewed to determine whether your behavior and misconduct rises to a level that work release should not be considered. A guideline is that you should be Level III or Level II disciplinary report free for six months prior to application. An exception may be made for those individuals with compelling reasons.
6. You must be in compliance with all recommended programming. You may be required to complete the career readiness class.
7. You must have a favorable institutional work record.
8. DOCR considers community and victim concerns, the seriousness of the crime, and whether there are any active protection orders or no contact provisions.
9. Your behavior in any prior community-based program will be considered.
10. You must not have a misdemeanor warrant or detainer filed against you unless:
 - a. A reasonable determination can be made that the detainer would be withdrawn upon payment of restitution, fines, or court costs.
 - b. A letter from the detaining authority states they do not wish the detainer to interfere with your participation in rehabilitative programs.
11. If your sentence is 10 years or more, your participation must also be approved by the Parole Board.

Fees will be deducted from your paycheck for room, board, transportation, child support, fines, court orders, and restitution if you are on work release.

Prior to going on work or education release, you shall sign a Work and Education Release Agreement that explains what is expected of you while you are on work or education release.

GOVERNMENT IDENTIFICATION

SOCIAL SECURITY CARD

It is necessary for you to have a social security card before you are discharged from prison or are recommended to go to a transitional facility for work release or to attend school. The social security card is necessary for work release, transitional housing, and to develop release plans upon your discharge for obtaining employment. If you have a social security card at home, it is in your best interest to have the social security card sent in to be placed in your file. If you do not have a social security card, staff will assist you to apply for a replacement. Applications for a replacement social security card can only be submitted to the Social Security Administration Office if you meet at least one of the following requirements:

1. You will be released from prison within 120 days.
2. You will be participating in a work release, school, or pre-release social services program.
3. You will be transferred to a halfway house or similar facility for work release within 120 days.

When you meet at least one of these above conditions, your case manager can assist you to complete an application for a replacement card. You must be a United States citizen and already have a social security number, have never used a different social security number, and you must complete, with accurate information, an application form for a replacement card. After the application form is completed, your case manager will send the appropriate forms to the designated staff member at the facility in which you are housed and forward to the Social Security Administration Office for processing. Your social security card will be placed in your ID card file and will be sent to the appropriate facility for your release. You will be notified when the card arrives.

BIRTH CERTIFICATES

A certified copy of your birth certificate is required for you to obtain a North Dakota government photo identification card.

Staff will help you fill out an application form to purchase a certified copy of birth. The fee for the certified copy of birth will initially be paid from a state account which you will reimburse as you receive money in your personal account. Your certified copy of your birth certificate will be placed in your ID card file, and you will receive notice from administrative services staff when it arrives. If you are at NDSP or HRCC and have your certified copy of your birth certificate in your ID card file, you can be scheduled to have a North Dakota government photo identification card made by the Department of Transportation staff.

NORTH DAKOTA GOVERNMENT PHOTO IDENTIFICATION CARD

1. Required items to be legally employed in North Dakota include a government photo identification card and a social security card. Valid government photo identification cards are needed in order to open savings and checking accounts, apply for employment, rent housing, and travel.
2. If you have a valid driver's license, you should request a duplicate driver's license instead of a North Dakota photo identification card. Obtaining a North Dakota photo identification card will invalidate your North Dakota driver's license or your ability to transfer an out of state driver's license to North Dakota.
3. If you have a certified copy of your birth certificate in your ID card file and you are housed at the NDSP or HRCC, contact your case manager to have your name put on the list to have a card made. Department of Transportation staff will come to NDSP and HRCC once a month to assist offenders with the application process and to take your photograph for the ID card. This fee will initially be paid from a state account which you will reimburse from your personal account. After the DOCR receives the card, it will be placed in your ID card file and you will receive notice.

DRIVER'S LICENSE RENEWAL

1. If you do not have a driver's license when you enter the facility, you will not receive a license during your incarceration. It is your responsibility to secure your driver's license after your release from a DOCR facility. Driver's licenses may only be renewed for North Dakota license holders. Generally, the DOCR does not transport for driver's license renewals or photo ID's. If your license has been suspended or revoked, it is up to you to contact the DOCR liaison and ask for details to have the suspension or revocation lifted.
2. North Dakota residents have one year from the expiration date of the license to renew it without re-taking the written and road tests. If your driver's license is set to expire while you are here, send a request slip, one month in advance, to your case manager with your full name, date of birth, and driver's license number. Once the DOT approves your request, a Driver's License Renewal Application will need to be completed and a \$15.00 money transfer voucher will need to be requested. An eye exam will be arranged for you, and the \$3.00 medical co-pay will be your responsibility. The results of the eye exam will be sent along with the other required information to the Driver's License Division. The Driver's License Division must have a copy of your photo on record or you will not be able to renew your license until after you are discharged from the facility and are able to go to the licensing division in person. You will be notified when the renewed driver's license has arrived at the facility and it will be placed in your legal file to be held until you are released.

PAROLE BOARD

PAROLE BOARD OVERVIEW AND PAROLE REVIEW ELIGIBILITY

The Governor appoints North Dakota Parole Board's members. The Parole Board is an independent entity and has the sole authority in North Dakota for all parole-related decisions. Parole is completely discretionary under North Dakota law; therefore, there is no right to parole release. All Parole Board decisions are final and are not subject to appeal. The Parole Board typically meets once per month.

After you arrive at a DOCR facility, the Parole Board and DOCR staff will perform an initial review of your case and determine if and when you are eligible for parole consideration. If you are ineligible to have your sentence considered, you will be sent a notification stating the ineligibility and citing the applicable North Dakota law. If you qualify for parole review, you will be notified of a future parole review date within 90 days of arrival:

1. If you have three years or less to serve from the date you arrived at the DOCR, the clerk will set the parole review and you will be notified of your parole review at the initial classification hearing.
2. If you have more than three years to serve from the date you arrived at the DOCR, the parole board will conduct an Initial Review within 60-90 days of arrival and set a future parole review date.
3. If additional judgments sentencing you to additional time at the DOCR come forth, a parole review date may be reconsidered based upon the additional length of time to be served. If a parole review date is changed, you will receive written notification of that change either from the board or the case manager.
4. All Initial Reviews are done by file only. You will not have a personal appearance.
5. The Parole Board may consider the recommendations of the DOCR Case Planning Committee. The Parole Board is not bound by any of the DOCR's recommendations.

If you are returning to the custody of the DOCR as a result of parole revocation, you may not receive further parole consideration.

If you are serving sentences subject to N.D.C.C. Sections 12.1-32-02.1 (armed offenders) or N.D.C.C. 12.1-32-09.1 (85% rule for violent offenders), you will not have your sentence considered by the Parole Board until after you have served the mandatory part of the sentence specified in these statutes.

If you are serving a minimum mandatory sentence relating to a Driving Under the Influence conviction N.D.C.C. Subsection 39-01-01 (5)(i) or subject under the Uniform Controlled Substances Act (illegal drug offenses) N.D.C.C. Subsections 19-03.1-23(7)(e) and 19-03.4-03(5) on or after the effective date of the applicable bills, the DOOCR will place you, at its discretion, into the DUI Recidivism Reduction Track (DRRT), Possession of Controlled Substance Recidivism Reduction Track (PRRT), or Possession of Drug Paraphernalia Recidivism Reduction Track (PARA), based on your eligibility. If you qualify, you may be eligible for parole consideration or released according to the provisions after your successful completion of a DOOCR-approved chemical treatment program. Individuals do not qualify if they returned to prison on a second or subsequent probation revocation for a DRRT or PRRT qualifying offense. If the court did not order probation, the DOOCR will not seek to amend the sentence on the individual's behalf. In relation to PARA, the DOOCR will instead recommend the individual be released through the parole process.

At some point prior to parole review or prior to a parole release date (usually about 120 days), your case manager will notify you and assist you in developing your parole plan. If you plan on residing with someone as part of your residence plan, you must obtain that person's permission before listing them on your parole plan. Your parole plan will be investigated and verified by a parole officer before your release to parole, if parole is granted. Please refer to the Residence Planning Guideline that was provided to you during orientation or ask your case manager for a copy of the guideline.

Failure to follow the rules of the facilities, failure to participate in programming recommendations, failure to work, and termination from transition facilities will adversely impact your chances for favorable parole consideration or the retention of previously granted parole dates.

PAROLE BOARD REVIEW

The Parole Board may conduct reviews of sentences in any manner it determines. Reviews are frequently done by file only (no interview). At times, reviews are also done via personal interview, video conference interview, or telephone interview.

If you are scheduled for a personal review, you will wait in the assigned area until the Parole Board is prepared to address you. When you appear before the Parole Board, you will state your case and respond to the Parole Board's questions. Your case manager will be present in the room with you when possible. Upon completion of the interview, you will be asked to return to a waiting area or placed on hold. After deliberation, you may be returned to the Parole Board to hear their decision. If you are granted parole, the Parole Board will establish your parole date.

The Parole Board will usually finalize the docket on the Wednesday preceding the Parole Board meeting. Those individuals not appearing on the personal interview portion of the docket will have action taken on their case by the board by file review.

PAROLE BOARD REVIEW CONTINUED

The Parole Board's written decision will normally be distributed to each individual whose sentence was considered within seven to ten working days after the Parole Board has adjourned. Individuals who receive a parole date will receive a copy of the Order Granting Parole, the Parole Agreement, and a memo. If you have been granted a parole, you must sign the memo acknowledging receipt of the order and conditions; agree to the Parole Board's terms and conditions; and return the memo to the person designated on the memo. Your failure to sign and return the memo in a timely manner may result in the suspension or rescission of your parole release.

If a parole date is granted, it becomes your actual release date. Any good time earned or lost between the time the parole board grants a parole date and the actual release to parole will affect the parole expiration date. A final parole expiration date will be set by Parole Board staff just prior to discharge. You may be eligible to earn good time at the rate of five days per month while on parole. You must continue to participate in any treatment recommendations by the DOCR staff, the sentencing court, other professional staff, or the Parole Board.

If you are denied parole, you will receive an Order Denying Parole. The order will reflect whether you will serve the remainder of your sentence without further parole consideration, received deferral to another parole review date (month and year), or received a condition you must satisfy in order to receive another parole review.

CORRESPONDENCE TO THE PAROLE BOARD

All correspondence to the Parole Board should be sent to the Clerk of the Parole Board. It will be filed and made available for review by the Parole Board. Correspondence should be sent at least three weeks prior to the Parole Board meeting to allow ample time for filing and review by the Parole Board. Correspondence may be sent in the following manner.

1. Internal mail (resident requests, letters)
2. Mail to:
ND Parole Board
P.O. Box 1898
Bismarck, ND 58502-1898

VIOLATION ACTIONS

The grant of parole is conditioned upon your good conduct. If you violate any laws or rules of the DOCR, the Parole Board reserves the right to reconsider or rescind the grant of parole. According to N.D.C.C. Section 12-59-12, the Parole Board may reconsider its decision to grant parole at any time prior to parole release. Parole revocation can result in you serving all the time you would have served had you never been paroled, plus the loss of good time. The Parole Board conducts all parole violations actions by file review. Violators will not have a personal appearance before the Parole Board.

PARDON ADVISORY BOARD

PARDON ADVISORY BOARD

1. The Pardon Advisory Board reviews eligible applicants twice a year during the months of April and November and at such other times as may be necessary.
2. If you are not eligible to have your sentences reviewed by the Parole Board because you have a minimum mandatory sentence without the benefit of parole, a Truth-In-Sentencing (85%) judgment, a life sentence, or a sentence without parole, you may be eligible for review by the Pardon Advisory Board.
3. You must request an application form by sending a request to the Clerk of the Pardon Advisory Board. You must fill out the application completely and provide any listed supporting documents. Applications must be received at least 90 days before a scheduled meeting. Incomplete applications will not receive consideration until such time as the application is complete.
4. The Pardon Advisory Board may recommend a pardon with removal of guilt for possession of marijuana or marijuana paraphernalia. A separate application is available for this process.
5. If you are eligible for Parole Board review, you may not receive Pardon Advisory Board consideration at the discretion of the board. Prior to requesting consideration by the Pardon Advisory Board, you should have exhausted your rights in the courts, including any applicable post-conviction proceedings. It is illegal for DOCR staff to assist you in applying for Pardon Board reviews or make recommendations to the Pardon Advisory Board on your behalf.
6. After applications for pardons have been screened and reviewed, the Pardon Advisory Board will forward its recommendations to the Governor, who makes the final decision in each case.
7. Decisions on a case may include deferment to another Pardon Advisory Board, a grant of the requested relief, denial of requested relief, or any other action deemed appropriate by the Pardon Advisory Board or the Governor. If a request for a pardon is denied, the individual may not reapply for reconsideration for a period of one year from the Pardon Advisory Board meeting or a later date set by the Pardon Advisory Board.
8. The Pardon Advisory Board may in its discretion alter any guidelines or requirements.

DISCHARGE

OUT OF STATE SUPERVISION

Out-of-state parole or probation supervision is regulated by the Interstate Compact for Adult Offender Supervision. If you want your parole or probation supervision transferred to another state, your application must be submitted to the Transitional Planning Office approximately 150 days prior to your parole release date or the expiration of your sentence. States have 45 days to complete an investigation once it is submitted. If the transfer is approved, the approval is valid for 120 days. You will not be released to another state until the DOCR receives written approval from the other state that it has accepted your case for supervision. If the receiving state does not accept your case, you need to work with your case manager to obtain an alternative release plan that is approved by Adult Services.

There is a \$150 Interstate Compact Application fee that must be paid at the time the DOCR determines your Interstate Compact Application is a viable course of action. This fee may only be paid by certified check, money order, or transfer voucher. The fee is used to pay for the return of violators who were on supervision in another state under the compact. This fee is nonrefundable once the DOCR submits the application to the receiving state. The DOCR reserves the right to decline filing of an Interstate Compact Application because there is no right to apply for interstate supervision.

DISCHARGE AND RELEASE ASSISTANCE

You are expected to plan for your release and save enough money during your incarceration to cover your expenses and basic needs during your transportation home. There may be instances where you may need assistance in the form of transportation, clothing, or housing. You should request this assistance from your case manager approximately 120 days prior to your release date. If you qualify, assistance will be provided to you. If you need further clarification, please send a request slip to your case manager for assistance.

You are required to turn in your facility identification card to the staff member completing your discharge process. Your signature will be required on several documents to ensure the completion of the process. The staff member completing your final release will finalize your facility accounts whether it is in the form of a debit card, check, or cash. All forms of ID such as a birth certificate, social security card, personal ID, and driver's license from your ID card file will be given to you. The property you are allowed to discharge with will also be given to you at this time.

BUS FARE

1. You are expected to secure employment during incarceration and earn money for your release aid account. It is your responsibility to budget for the cost of a bus ticket. If you have a sentence of over one year, you may not be considered for facility purchase of a bus ticket unless special circumstances exist. A ticket request may be considered if written documentation can be produced by you verifying a medical lay-in status or other disposition stating why you are unable to earn money for a bus fare. The DOCR may consider purchasing a bus ticket if you have proof you made a diligent effort to secure money for bus fare but were unable to do so for very specific reason(s). All requests for bus fare must be made at least 30 days prior to your discharge date. All requests must be submitted to the case manager of your housing unit. The case manager will review the request for bus fare and make a recommendation to the unit manager assigned for final approval or disapproval of the request.
2. All discharges from the facility will be made at approximately 8:00 a.m. on your release date. Early discharges may be considered. Early discharge requests must be filed with the Chief of Security or unit manager of your housing unit at least seven days prior to your discharge date.

PRESCRIPTION MEDICATION

Prior to discharge from a DOCR facility, you will be offered a discharge physical. You will receive a prescription for a 30-day supply of medication. The discharge physical may be waived. If you waive your discharge physical, you may not be provided any prescriptions at discharge. You may leave with the medication cards that were dispensed for a month. You may make an appointment to a local human service center to continue your prescription medication upon your discharge by sending a written request to your primary counselor.

SOCIAL SECURITY BENEFITS

You are not eligible for any Social Security benefits while you are in prison; however, you may be eligible to receive benefits after you are released. Your case manager can help you prepare for this as part of your re-entry planning. You are eligible to start the application process 120 days before your release. This information is subject to change by the Social Security Administration.

SOCIAL SECURITY RETIREMENT (SSR)

SSR is payable to individuals who qualify. Generally, you must have worked and paid taxes into Social Security for at least 10 years to be eligible. Benefits are usually not paid for the months you have been sentenced to a jail, prison, or correctional facility or confined to public facilities.

SOCIAL SECURITY DISABILITY (SSD)

To qualify for Social Security disability benefits, you must have recently worked and paid Social Security taxes and be unable to work because of a serious medical condition that is expected to last at least a year. The fact that you may be a recent parolee or are unemployed does not qualify as a disability.

SUPPLEMENTAL SECURITY INCOME (SSI)

You may be eligible for SSI benefits if you are 65 or older, blind, or disabled and have low income and few resources.

Application Process:

1. If you want to apply for SSR or SSD benefits and have not received them prior to incarceration, you may apply three months prior to your release date. You will need to provide proof of your age (certified copy of your birth certificate, or baptismal record if you were baptized prior to age five), proof of military service (e.g., DD214, DD217a, and NGB23), and your release papers. No benefits will be payable until you are released.
2. You may apply at any time for SSR or SSD if there are any family members who are eligible to receive benefits on your record. They may be entitled to benefits while you are incarcerated, even though no benefits are payable to you.
3. You may apply up to 120 days prior to your release date for SSI. You will need to provide proof of your age and citizenship (certified copy of your birth certificate, or baptismal record if you were baptized prior to age five), proof of your income and resources (bank statements, life insurance policies, etc.), and your release papers.
4. If you have received at least one benefit check in the 12 months prior to your release, Social Security may be able to reinstate your benefits upon your discharge.

Contact the case manager of your unit or your primary counselor to obtain a referral to apply for Social Security benefits.

VOCATIONAL REHABILITATION AND VETERANS ADMINISTRATION

1. Vocational rehabilitation may be available to any person with a disability, physical or mental, who wants to work and can be made employable through provision of certain services. Age is not a factor; however, services must be a part of a plan that leads to employment. If you believe vocational rehabilitation can assist you, send a request slip for vocational rehabilitation services to your case manager.
2. The Veterans Administration representative visits the facility on an as needed basis. If you feel you are entitled to benefits or have questions about them, send a request slip for veteran's services to your case manager.

MEDICAID

If you qualify, your case manager will assist you in enrolling for Medicaid during your last week of incarceration.
