Office of Facility Inspections/Central Office
Authority: North Dakota Century Code § 12-44.1-24

Forward

The 51st Legislative Assembly mandated the North Dakota Department of Corrections and Rehabilitation to prescribe rules establishing minimum standards for the construction, operation, and maintenance of public correctional facilities and to prescribe rules for the care and treatment of inmates. 1989 N.D. Laws, ch. 156, § 5. The Department's obligations are codified at N.D.C.C. § 12-44.1-24. N.D.C.C. § 12-44.1-24 also requires the Department to appoint a correctional facility inspector qualified by special experience, education, or training to inspect each correctional facility at least once each year to determine whether there is compliance with the Department's standards and rules. The following standards and rules are prescribed in accordance with the statutory requirements under N.D.C.C. § 12-44.1-24. The standards and rules are subject to amendment when necessary on account of federal or state law changes and relevant judicial decisions affecting correctional facilities.

If disclosure of information used in the finding of guilt may pose a risk to the safety or security of the correctional facility, staff, or inmates, including information received from a confidential informant, correctional facilities may withhold disclosure of the information.  2. If inmates are not permitted to call witnesses and present documentary evidence, reasons for not allowing the inmate to call witnesses are documented in the hearing record;
- d. A written record is made of the disciplinary hearing decision, including:
 1. A summary of the evidence;
 2. Findings of fact that establish the guilt or innocence of the inmate; and
 3. An explanation for disciplinary sanctions imposed;
- e. Any confidential informant information is separately documented;

- f. A copy of the disciplinary hearing decision and evidence relied upon are given to the inmate but confidential information that could jeopardize the safety or security of the correctional facility or person may be excluded;
- g. When sanctions involve restrictive housing, fines, fees, restitution or may affect their release date, inmates have the right to appeal the decision to the correctional facility administrator or an independent authority; and
- h. Any disciplinary action recommended by the hearing officer(s) may be reduced on appeal but not increased.
